FARES AND PRICING

- **If using for the first time** please refer to the Fares and Pricing tab at www.eurostar4agents.co.uk/book/gds/sabre/pricing.htm
- **Always check fare notes for ticket conditions and class of travel.** The GDS booking class does not necessarily reflect a particular ticket type.
- **Reference fare guide** now includes a full list of 9F fare basis codes, which can be viewed at www.eurostar4agents.com/travel/before_you_go/fares/index.htm
- **Semi flexible fares** - it may be necessary to force in a semi flexible fare, if only a cheaper non-flexible fare is offered.
- **Waitlist function** is not applicable to Eurostar. Where there is no availability you will receive a UC status code. Travellers' should be offered to book on another service or in a different class of travel.

EUROSTAR FREQUENT TRAVELLER NUMBER and PROFILES

Add the full 17 digits to profile or PNR. All EFT numbers begin 308381. It is important the full 17 digit EFT number is added correctly e.g. **FF9F30838110000234567**. The number will not appear on the ticket. Seat preferences within the profile are not supported.

TICKETING TIME LIMIT

This appears as an SSR once the booking is ended. Sectors will automatically 'HX' after the Ticketing Time Limit expires.

CREDIT CARDS & MERCHANT FEES

Eurostar does not pay the merchant fee. To avoid receiving ADM's for these fees please use non ref or cash. The following cards are supported: Amex, MasterCard, Visa, Maestro, Solo Electron. Any applicable charges will be invoiced monthly. Please contact creditcontrol@eurostar.co.uk for merchant fee billing queries.

SEATING

- If using for the first time please refer to the Seats tab at www.eurostar4agents.com/booking/gds/sabre/seats.htm
- Seats are allocated automatically once a booking is ended, in the form of an SSR. After ending, IR to refresh the booking and check coach and seat numbers are showing as KK before confirming a booking to a client.
- If you wish to book a specific seat or seat type, first check the Seat availability display, select seats using command formats, then ER and IR to check assigned seats and the ticketing time limit.
- Check that the coach is valid for the on-board class of travel displayed on the screen:
A is Business Premier, H is Leisure Select, B is Standard class.
- For direction of travel, refer to the online seat plan at www.eurostar4agents.com/travel/on_board/seating_plan.htm
- If seat numbers do not appear, click on the Seating tab and refer to **Overbooking** procedures.

Seat Changes

To change a seat that is already allocated, check Seat availability display before requesting new seats using the command formats, Receive and End and Retrieve. Ignore and Retrieve to refresh booking and check SSR to verify seat and coach number. It is best practise to cancel the old seat number from the *P4 display after new seats have been confirmed.

Overbooking

When receiving a seat SSR message, if it shows a coach number, but no seat numbers (000), this indicates the train is full and overbooking procedures apply. At this stage this is a confirmed booking with a tip-up seat in a designated coach. Please offer travellers alternative services, or if continuing with the 'overbooking' process, click on the Seating tab and refer to Overbooking procedures at www.eurostar4agents.com/book/gds/sabre/seats.htm#overbooking

SPECIAL SERVICE REQUESTS

Special meals can be processed via an SSR using the current meal codes e.g. VLML. These should always be confirmed KK within a short time. Please allocate seats before booking meals. A list of meals can be viewed at www.eurostar4agents.com/travel/catering.htm. Other SSR and OSI messages are not applicable to Eurostar.
