

Follow the instructions below on how to book either fully flexible, semi-flexible or non-flexible fares. The GDS booking class does not necessarily reflect a particular ticket type, for example Y class fares can be flexible, semi-flexible or non-flexible. Don't forget to check fare notes for ticket conditions and class of travel

Choosing the correct fare:

FULLY FLEXIBLE / FULLY REFUNDABLE FARES

1. Decide on your on-board class of travel and select the appropriate GDS code:

Business Premier	Standard
J class	Y class

Use either J (Business Premier), or Y (Standard) for one-way or return journeys or a combination of the two

2. Fare quote using **WPXP** to display the appropriate fare below:

Example display **Business Premier (J2OW)** St.Pancras to Paris

```
1- GBP450.00          GBP450.00ADT
   450.00            450.00TTL
ADT-01 J2OW
```

To select the **taxi fare J10W** force the fare using the entry **WPOJ10W**

WPNC - When selecting a Business Premier booking class (J,C or D) this may offer a Leisure Select fare (Z,I,G or S). Always check the booking class and fare conditions.

Example display **Standard return (YRTE)** St.Pancras to Paris

```
1- GBP309.00          GBP309.00ADT
309.00                309.00TTL
ADT-01 YRTE
```

YRTE is the return standard class fare. For a fully flexible **single** journey in standard please select fare basis **YOWE**.

3. Remember to check fare conditions and penalties in the usual manner.

SEMI FLEXIBLE FARE

1. Choose your on-board class of travel, and then select the GDS code (first letter of fare basis) from availability. For Leisure Select and Standard class semi-flexible fares you will need to force the fare using a fare basis code (see table below).

Fare name	Return Paris & Brussels	Return Lille	Fare basis
Business Premier			
Semi flexible	419	349	CEERT
Semi flexible	339	389	DEERT
Leisure Select			
Semi flexible Saturday night away	325	285	ZPXRTSNA
Standard			
Semi flexible Saturday night away	165	160	BPXRTSNA
	145	140	HPXRTSNA
	135	130	MPXRTSNA
Semi flexible minimum one night	269	255	BPXRT1N
	229	215	HPXRT1N
Semi flexible midweek day return	269	255	BXPXRT1D
	229	215	HXPXRT1D

- To fare quote Business Premier use **WP**. For Leisure Select and Standard class use **WPOfare basis code**. Where different booking classes have been selected e.g. **D** and **C**, sector relate the fare basis codes in the following way: **WPS1*QDEERT¥S2*QCEERT**.

Example **Business Premier** using D and C classes St.Pancras to Paris Nord in

```
1- GBP379.00          GBP379.00ADT
   379.00            379.00TTL
ADT-01 DEERT CEERT
LON 9F PAR345.78DEERT 9F LON427.38CEERT NUC773.16
END ROE0.490187
CHG/REF RESTRICTED/NON END VALIDATING CARRIER - 9F
```

- Remember to check fare conditions and penalties in the usual manner

NON-FLEXIBLE / NON – REFUNDABLE FARES

- Choose your class of travel, and select the appropriate GDS code from availability. Check for the cheapest i.e. S for Leisure Select, and Q for standard

Business Premier	Leisure Select	Standard
Not bookable	S, G, I or Z – these classes are combinable	Q, N, K, M, H, B or Y – these classes are combinable

- Fare quote using **WP**

Example **St Pancras to Paris** in standard class combining Q and H classes

```
1- GBP74.00          GBP74.00ADT
   74.00            74.00TTL
ADT-01 QSXRT NSXRT
LON 9F PAR59.00QSXRT 9F LON89.01NSXRT NUC148.01
END ROE0.499917
NONCHG/NON REF/NON END
```

- Check penalties. Most of these fares are non-flexible and non-refundable, but in some circumstances using M, H and B class may give you a semi-flexible fare as the cheapest available.

If using the WPNC entry, in order to rebook a new class please cancel the sector, book the new sector and class, add a 6 field, then ER.
