Fare types with the same passenger type can be combined to get an average price. It is also possible to combine first & standard class fares (of the same fare and passenger type) to get a return journey with one leg in each class.

Note: Combined return prices are rounded up to the nearest GBP / EUR. The functionality to combine fares is available on most reservation systems.

All prices to Ski Destinations via Paris or Lille are common-rated with the IC Zone C prices.

For combined direct and indirect journeys in Leisure Select (e.g. out on E* direct service, return on TGV + IC E*), an average price will apply.

Maximum nine passengers rule applies to all above fares.
